Full-time · Contract · Freelance

Angolo Isaac Jr.

FULL-STACK DEVELOPER

PROFILE

Full-Stack Developer with approximately 3 years of hands-on coding experience building web applications, responsive interfaces, backend functionality, and API integrations. Comfortable working across frontend and backend development and turning requirements into practical software.

EXPERIENCE

Independent Full-Stack Developer

Freelance / Independent · Nigeria

- Develop web applications using React.js, Next.js, and JavaScript/TypeScript.
- Build backend features and REST API integrations with Node.js and Express.js.
- Integrate databases and authentication into application workflows.
- Create responsive interfaces and troubleshoot features through debugging.
- Develop bots and automated workflows using third-party APIs.

EDUCATION

Niger Delta University (NDU)

Computer Science · Bayelsa State, Nigeria

Final-year student · Expected completion: 2027

PORTFOLIO PROJECTS

Selected projects are being prepared for the portfolio. Each will include a brief case study, core features, technology stack, and GitHub or live demo link.

Open to remote full-time, contract, and freelance opportunities.
